

COMPANION WORKSHEET

Chapter 14 — Model Audition

Use this worksheet after Chapter 13 is Ready for Chapter 14. It auditions a small candidate set. It does not install a runtime.

Work from a fresh copy. Use TBD, Evidence missing, or Not applicable.

A. Freeze inherited work and intended use

Chapter 13 worksheet path

Chapter 13 verdict

must be Ready for Chapter 14

Inherited artifact identity

Named intended work for this operating set

Required task classes

writing / summary / rewrite

If Chapter 13 is not Ready for Chapter 14, stop.

B. Candidate set

Frozen set, not yet the audition set.

Candidate 1 identity

inspectable artifact identity, not latest

Candidate 2 identity

inspectable artifact identity, or Not applicable

Candidate 3 identity

inspectable artifact identity, or Not applicable

Current Chapter 6 lane basis for each name

Yes / No / Evidence missing

Why this set is not a zoo

C. Eligibility gates

For each frozen candidate:

Authoritative license or terms identified, retained, and accepted

Yes / No / Evidence missing

Current Chapter 6 runtime and artifact compatibility

Yes / contradicted / Evidence missing

Placement observation

inherited Chapter 11 Processor / new ollama ps record / not run

Placement matches accepted lane

Yes / No / Evidence missing

Disposition

Eligible / Rejected / Deferred – Evidence missing

A rejected or deferred frozen name stays on the sheet. It does not get prompts.

D. Same-task results

Reuse the Chapter 13 writing, summary, and rewrite tasks. Judge only eligible candidates.

Frozen pack

exact task text, source text, rewrite instruction

Frozen settings

defaults or named overrides; do not tune mid-audition

Loaded-model baseline

one candidate at a time, or recorded simultaneous-model assumption

Fresh-chat condition

Yes / No

Eligible candidate 1 keep/discard

write / summary / rewrite

Eligible candidate 2 keep/discard

write / summary / rewrite / Not applicable

Eligible candidate 3 keep/discard

write / summary / rewrite / Not applicable

Overflow treated as success

No / Yes / Not applicable

E. Operating set

Primary

keeps every required class, or None suitable

Fallback — same required set / narrower named role / None suitable / No fallback established – deferred evidence remains

Why primary is not a quality trophy

F. Assign one verdict

Allowed verdicts are exactly Ready for Chapter 15, Blocked, or Evidence missing.

Finite verdict

Binding reason

Next proof

Invalidation condition

include pack, settings, or loaded-model baseline change

Ready for Chapter 15 is not a privacy chapter. It means the operating set, or none suitable, was recorded.

Deterministic self-check

- ☐ Chapter 13 Ready for Chapter 14 was consumed, not repaired.
- ☐ At most three frozen names; no surprise zoo.
- ☐ Every frozen name has a disposition; only the eligible set was prompted.
- ☐ Primary keeps every required class, or is None suitable.
- ☐ The same frozen pack and settings were used; no averaged score.
- ☐ No tokens/second field.
- ☐ Exactly one allowed verdict and one invalidation condition are recorded.
